Footnotes:

1/ The information on the unit description should be comprehensive and can include the following, where applicable: the units and magnitudes in which the data are disseminated; the base year of an index; the status of the data if other than "final" (for example, "preliminary"); and whether the data are seasonally adjusted.

2/ This column shows the periodicity of the series: A for annual, M for monthly; Q for quarterly; W for weekly.

3/ This column shows the "reference period for the latest data". For example, Q1/08, 2007, Mar/08, etc.

4/ This column shows the latest observation (latest data).

5/ This column shows the latest observation minus 1 (that is, the "data for the previous reference period").

6/ Population projection from 2007 census.
